Sir,

Sub:- Education - Fisheries school - South Kanara District Hejmadikode - bifurcation of Ist standard and employment of additional teacher-appointment - sanction requested.

The Hejmadikode Fisheries Higher Elementary School has at present a staff of 3 secondary grade teachers, 8 Higher Elementary grade teachers and one prevocational teacher who are handling the 11 classes of the Higher Elementary School. The Asst. Director of Fisheries reports that the Ist standard of the school is unwieldy as it has a strength of 60 and an average attendance of 49. From the statement of the average attendance and classwar strength of the school enclosed, it may be kindly seen that 11 teachers are absolutely required and no two classes could be combined together and that standard I has to be bifurcated. Hence there is necessity for the employment of an additional Higher Grade Teacher.

The Asst. Director further reports that the Deputy Inspector of Schools who visited the school on 24.10.51 remarked that "The Ist standard is to be bifurcated. Some more pupils are seeking admission to Ist standard".

I append herewith a statement showing the financial implications of the above proposals for a period of one year.

In the circumstances stated above I request that Government may be pleased to accord sanction for the bifurcation of Standard I and for additional employment of an additional Higher Grade teacher to the Fisheries school at Hejmadikode for a period of one year from the date of appointment. The school is situated in the compulsory area and the strength of Standard I will increase further.
